- IV. **Action Items:**
 - A. Request for a letter of support from the North Park Historical Society 2016 Classic Car Show to be held on September 10, 2016 in the parking lot at Morley Field in front of Balboa Tennis Club. Steve Hon makes request on behalf NPHS. **Motion to approve letter of letter of support for the NPHS 2016 Classic Car Show on September 16, 2016. Steppke/Morrision 7-0-0**
 - B. Arizona Street parking conversion from a parallel to angle parking on the 4300 block between El Cajon Boulevard and Meade Avenue. This proposed conversion consists of existing 19 parallel parking spaces to 33 angle parking spaces. It will provide for a total gain of 14 spaces on the eastside of Arizona Street. Bernie Chase, representing the neighbors got together to do petition, very strong support from the neighbors. Committee in support. **Motion in support of the conversion from parallel to angle (or head in) parking on the east side of Arizona St between El Cajon Blvd and Meade Ave for a gain 14 spaces. Granowitz/Bonn 7-0-0**
 - C. Presentation by Chris Kluth from SANDAG & Matt Capuzzi from Kimley-Horn on update to the Robinson Bikeway project since lastly presented at North Park Public Facilities Subcommittee. The bikeway will run along Robinson Avenue between Park Boulevard and Alabama Street & include multiple individual features. Including a raised bridge on between Florida & Alabama over Robinson. Consider the inclusion of public art, parking issues by the University Heights Library and referral to the MAD for discussion of maintenance. Lighting is essential along bridge structure to mirror existing lighting elements. Requested for irrigation to be included.
Mid-City project is 12 miles altogether. The only real issue with the MND was related to Archaeology issues due to the excavation for the raised path. Vidales reviewed and found no issues of concern. Will come back out during design phase for input from the committee. Spoken with the neighbors adjacent to the bridge and so far there is support by the adjacent residents and property owners.
Workshop tomorrow 6-8 Grace Lutheran Church, next week

- D.** Presentation by Chris Kluth from SANDAG on a proposed Pershing Bikeway by SANDAD representative. This project will provide north-south connectivity of a 2.6 miles stretch. It begins in North Park at the intersection of Utah and Landis streets, and run south along Utah Street to connect with Pershing Drive at Upas Street. The route will travel through Balboa Park on Pershing Drive to connect with B and C streets in Downtown San Diego. The route may feature wide buffered bike lanes and protected bikeways. Don't want car lanes removed. Use Florida St
